

Create a draft of a card that will go to a prospective family. This is draft, but should show EXACTLY what you plan to put in your card. Spelling does count, sentences should be age appropriate – show your best work!!!!

This is side 1 and the front of the card. It should welcome a prospective family to St. Dominic School. It will include the SDS logo along with your welcome information.

This is the inside of the card. Here you will write a personal note. Begin with “Dear Prospective SDS Student,” and end it with “Sincerely, \*\*\*” - only use your first name. The note should be at least 3 – 5 sentences and discuss what you like about SDS and what you think they might like.

This is the inside of the card. This side will contain a list, created by you, of things you can do at SDS. The list should be at least 6 items long.

This is the back of the card. It will contain the school name, address, and website. Also, include the “Tomorrow’s Leaders Start Here,” logo.
